PAPERS: Those individuals interested in presenting papers are requested to submit a title and an abstract by **Friday, August 29, 2008**. Please submit your name, address, contact information, institutional affiliation, paper title, author(s), and an abstract not to exceed 100-words to the Conference Program Chair/Organizer (BettisonC@wnmu.edu) via e-mail (please see Paper Title/Abstract Information document). **ALL** papers will be limited to 15-minutes in length.

Papers or presentations are limited to Mogollon archaeology (including Jornada Mogollon and Northern Chihuahua) with a cut-off date of A.D. 1400-1450. Due to time limitations, papers concerned with Historic and Archaic groups are discouraged unless the paper pertains directly to the evolution of Mogollon groups. Abstracts will be reviewed by a Conference Program Committee.

All four mini-symposia have been accepted by the Conference Program Committee. There are approximately 24 slots for independent papers.

Papers on current research in the Mogollon area will be presented, Friday, October 3 and Saturday, October 4, from 8:00 am to 4:30 pm. Paper presentations will be held in the state of the art Besse Forward Global Resource Center (GRC) auditorium on the WNMU campus. An LCD projector is integrated into the GRC technology and will be available; however, the University does not maintain and cannot guarantee that standard slide projects or overhead projectors will be available.

In order to facilitate easy transition between presenters using PowerPoint and to lessen delays to the schedule caused by uploading presentations individually, all PowerPoint presentations must be sent as an attachment to bettisonC@wnmu.edu no later than 4:30 pm MST, Tuesday, September 30. Please use the first initial and the last name of the presenter for a file name, for example "cbettisonpaper" and save files in Microsoft version 2003 only (Microsoft version 2007 or Microsoft Vista files cannot be read by our systems). Please realize due to time and staffing constraints we will be unable to process last minute requests to upload or connect computers during the conference. Also, large files may need to be sent on a CD via snail mail (Microsoft version 2003 only) and must be received no later than 4:30 p.m. MST, Tuesday, September 30. To reduce file size it is suggested that embedded jpegs be no larger than 72dpi—acceptable for web publication and PowerPoint viewing.

When e-mailing, please do not zip, cache, or archive your presentation or provide it in any form other than Microsoft version 2003 PowerPoint! If you are using non-U.S. systems (such as Canadian, European or Mexican systems) please be aware that there may/will be difficulty in loading and accessing your presentation since there can be slight, but important, differences in Windows products from country to country. Microsoft version 2007 PowerPoint or Microsoft Vista PowerPoint cannot be read on our systems.

Please use the appropriate address depending on service selected when mailing. **US Postal Service** address: Mogollon Archaeology Conference, c/o Western New Mexico University Museum, P.O. Box 680, Silver City, New Mexico 88062; **FEDEX, UPS, DHL, etc.:** Mogollon Archaeology Conference, c/o Western New Mexico University Museum, 1000 W. College Avenue, Silver City, NM 88061. PUBLICATION OF PAPERS: The papers from the 13th Mogollon Archaeology Conference **will not** be published. We do not have access to a university press. If someone wishes to publish the conference proceedings please contact the conference organizer at bettisonc@wnmu.edu.

PARKING: Parking for the Global Resource Center is available on 12th Street in a new parking lot directly across from Martinez/Phelps Dodge Hall and in the Fine Arts Center Theatre lot, located to the west of the building on F Street.
