

## **Project Manager - Prehistoric Archaeology - Reno, Nevada**

Chambers Group, Inc. is a multi-disciplinary environmental consulting firm that has been in business for over 27 years. This is a permanent salaried position with benefits and the pay rate is negotiable contingent upon experience, education, and ability. The successful candidate must be able to be BLM and Nevada State permitted to perform cultural resource work in Nevada and must also possess the necessary qualifications to become RPA certified.

Candidates with a MA/MS degree in anthropology or archaeology with a focus on prehistoric archaeology are preferred. Previous experience in the Great Basin and/or western United States region is also strongly preferred. At least 5 years of demonstrated success in a technical leadership and project management role are desired. Strong background in technical area and strong working knowledge of all related working areas required. Job duties and responsibilities will include the ability to develop and write proposals; supervise and coordinate project efforts; manage budgets and other technical documents; and the ability to analyze data and write reports and site record forms;

Please submit a resume, three references, writing sample, and a letter of interest by e-mail, fax, or regular mail to:
