

Southwest Archaeological Consultants is hiring experienced archaeologists for survey and excavation positions beginning immediately and continuing through the winter. Work primarily is in and around Santa Fe, the San Juan Basin, and Grants, New Mexico. Some camping may be required.

Job Responsibilities:

- Understanding and implementing field survey and excavation methods as outlined in Southwest's standard field manual
- Completing Laboratory of Anthropology site survey and supplemental forms
- Completing Southwest's excavation forms and field notebooks
- For survey, in-field artifact analysis (ceramics, lithics, groundstone, and historic artifacts)

Pay Rate:

Wages are based on experience, with a sliding scale of \$10...00 to \$12.00 to start. Wage increases after hiring depend upon supervisor's recommendation.

To Apply:

Please send a resume, complete with two written references, to Deborah Huntley, Project Director, at the address listed above. Your resume and references also can be sent via electronic mail to DebHuntley@aol.com
